Event Planning Policies

Tips & Resources that will help your organization have a winning year!
Event Planning - COVID-19 Updates

• Review [COVID-19 FAQs for Student Organizations](#)

• Student organization members are required to wear face coverings in all campus buildings, and maintain six feet of physical distance from others. When gathering outside, members are also required to wear face coverings when six feet or more of physical distance is not possible.

• Whenever possible, external guests/speakers/performers should engage virtually rather than coming physically to campus. In the limited situations when external guests come to campus, they should be provided the web link with [UNI requirements for campus visitors](#) in advance.

• For group gatherings, organizers are required to limit the number of participants present to ensure they're using 50% or less of room capacity and maintaining six feet or more of physical distance between individuals who are not roommates or in the same household. Organizers are required to keep a list of attendees. Any student organization that would like to host an event for 50 or more participants should first obtain approval from the department responsible for reserving the necessary campus space.

• For student events that involve food, organizers are required to use UNI Catering only. Food items handed out at tabling/promotion events must be pre-packaged and shelf stable. Bake sales are not allowed.

• Organizers should plan for contact-free distribution of any event materials, and entrance/exit procedures that minimize congregation in small spaces.
